

This website is divided into five separate sections:

The first section is for members. Members will have to register online to gain access to the information contained in this secured section. On the Member's Home Page is displayed the member's work history for the last 24 months. Summary plan description booklets, forms, newsletters and a whole host of information pertaining to the members and these benefit plans can be found here. To register [click here](#).

The second section is also for members. This is a direct link to the Pipe Trades Services MN Pension Supplement site. This is also a secured site that is operated by our record keeper Milliman. This is the same site you have been using for some time; we just added a link to our main page, as this is a popular tool used by PTSMN members. There is additional information on the pension supplement plan within section one, which is the secured member site.

The Third Section is for employers. Information on benefit payment policies and procedures as well as contribution rates can be found in this section.

Section four is designed for medical, dental and other providers. This section contains information on benefits as well as contact information. Section Five is a secured site for Trustees of the PTSMN Benefit Plans.
