

# Discover the benefits of Optum Home Delivery

Optum® Home Delivery helps you manage your prescriptions with ease.

## How home delivery works

Your plan can help you save on the medication you take regularly. Switch to Optum® Home Delivery or you may pay the full price by filling at retail.

### Your time to enroll is limited

- Your plan covers a limited number of 1-month prescription grace fills at a local retail pharmacy. After the grace fills run out, you **may pay the full price for your medication.**
- After your allowed fills, you must move to a 3-month supply through home delivery.

### Getting started with home delivery

Whether you have a new prescription or need to transfer an existing prescription, home delivery is easy to use. Plus, you can:

#### Skip the lines

Get free shipping on medication right to your door.

#### Get 3-month supplies

You may pay less on medications than at retail.

#### Enjoy 24/support

Talk to a pharmacist anytime.

#### Access on the go
