

## ***Prescription Drug Refill Policy***

In order to continue to serve you best, please allow 24 hour notice on all medication refills. This is very important as ***all medications***; even refills must be reviewed and approved by a physician. It is not possible for us to fill prescriptions for members that stop by the wellness centers unannounced.

The purpose of this policy is to make sure that you are taking the correct medications in the correct doses. In addition, many prescriptions will require periodic blood work or even a follow-up physician visit.

Also, please review the Wellness Center website for our refill hours as according to regulations medical personnel must be on site to actually dispense the medication to a patient. If you have any questions regarding this policy, please do not hesitate to call us for more information.

We are always here to help, Thanks – The Wellness Team.
